Because of our growth we are looking for someone to strengthen our Finance team in the Netherlands, looking for a financial woman / man who will help us to further shape this exciting XAAS journey.

Netaxis offers a range of Telecom solutions, products and services. The company is committed to fulfil the highest expectations of their customers. The projects are operational in nature, involving new technologies and application developments.

What will be your roles?

- You will be responsible for accounts payable and also responsible for accounts receivable.
- You will elaborate the booking of (memorandum) journal entries.
- You will prepare bank payments for our accounts from the Netherlands and the UK.
- You will prepare the periodic closures (monthly and annual).
- You will prepare the annual accounts.
- You will prepare and submit the VAT return.

Working with us

Netaxis Solutions is a fast growing, innovative telecom software company founded in 2010 with a range of in-house developed products and solutions. With these we help telecom operators and enterprises to manage and control their network.

The company quickly established itself amongst the Telecom community in Belgium and were soon winning integration contracts with major players in the market. Having designed and developed networks the company was then asked to support and monitor these networks and a second line of business was soon established.

Our technology is primarily used by European Tier 1 companies (such as Vodafone, KPN, Proximus, ABNAMRO) and a rapidly growing number of telecom operators outside Europe (Africa, Middle East, America/Canada).

At Netaxis we work with about 50 colleagues through the head office in Brussels, with subsidiaries in the Netherlands (Nieuwegein), France, Italy and the UK.

We are growing fast, both in the Netherlands and internationally, and are now facing a super challenging transition to a full XAAS company.

Netaxis is not only innovative in its products and services but also in its organisation. You will work in a self-managed environment where collaboration is highly valued and your input truly considered. Netaxis is organized in such a way that it allows autonomy and distributes power throughout the organization.
